The Lexus LS is a full-size luxury car (F-segment in Europe) serving as the flagship model of Lexus, the luxury division of Toyota. For the first four generations, all LS models featured V8 engines and were predominantly rear-wheel-drive, with Lexus also offering all-wheel-drive, hybrid, and long-wheelbase variants. The fifth generation changed to using a V6 engine with no V8 option, and only one length was offered. As the first model developed by Lexus, the LS 400 debuted in January 1989 with the second generation debuting in November 1994. The LS 430 debuted in January 2000 and the LS 460/LS 460 L series in 2006. A domestic-market version of the LS 400 and LS 430, badged as Toyota Celsior (Serushio), was sold in Japan until the Lexus marque was introduced there in 2006. In 2006 (for the 2007 model year) the fourth-generation LS 460 debuted the first production eight-speed automatic transmission and an automatic parking system. In 2007, V8 hybrid powertrains were introduced on the LS 600h/LS 600h L sedans. Development of the LS began in 1983 as the FI project, the code name for a secret flagship sedan. The resulting sedan followed an extended five-year design process at a cost of over US\$1 billion, and premiered

Thebe Neruda Kgositsile (born February 24, 1994), better known by his stage name Earl Sweatshirt, is an American rapper and record producer from Los Angeles, California. His father was the South African black nationalist poet Keorapetse Kgositsile. Earl was originally known by the moniker Sly Tendencies when he started rapping, but soon changed his name when Tyler, the Creator invited him to join his hip hop collective Odd Future in late 2009. He gained recognition and critical praise for his debut mixtape, entitled Earl, which released in March 2010 when he was just 16 years old. Shortly after its release, his mother sent him to a boarding school in Samoa for at-risk teens but returned just before his eighteenth birthday, and he was not able to record new music for a year and a half while he was there. After returning to Los Angeles in February 2012, Earl rejoined Odd Future and started producing new music. Earl released his debut studio album, Doris in August 2013. His second album, I Don't Like Shit, I Don't Go Outside: An Album by Earl Sweatshirt followed in March 2015. Both received widespread critical acclaim. He is currently signed to Columbia Records as well as his independent label Tan

Financial independence is a state in which an individual or household has sufficient wealth to live on without having to depend on income from some form of employment. Financially independent people have assets that generate income (cash flow) that is at least equal to their expenses. Income you earn without having to work a job is commonly referred to as “passive income”. For example, if someone receives \$5000 in dividends from stocks they own, but their expenses total \$4000, they can live on their dividend income because it pays for all their expenses to live (with some left over). Under these circumstances, a person is financially independent. A person's assets and liabilities are an important factor in determining if they have achieved financial independence. An asset is anything of value that can be readily turned into cash (liquidated) if a person has to pay debt, whereas a liability is a responsibility to provide compensation. (Homes and automobiles with no liens or mortgages are common assets.) Age and existing wealth or current salary don't matter - if someone can generate enough income to meet their needs from sources other than

Joe Dirt is a 2001 American adventure comedy film starring David Spade, Dennis Miller, Christopher Walken, Adam Beach, Brian Thompson, Brittany Daniel, Jaime Pressly, Erik Per Sullivan, and Kid Rock. The film was written by Spade and Fred Wolf, and produced by Robert Simonds. The plot concerns a “white trash” young man, Joe Dirt, who at first seems to be a “loser”, a failure, an antihero. As he travels in search of his parents, his fine qualities are increasingly revealed. He ends up with a new “family” of close friends, people he has helped and who respect him. Critical reception was mostly negative, but the film was a modest financial success. A sequel, Joe Dirt 2: Beautiful Loser, premiered on Crackle on July 16, 2015. Joe Dirt is the janitor at a Los Angeles radio station. A producer drags him into the studio to talk live on the air with famous disc jockey, shock jock Zander Kelly. Joe tells his life story. As a baby he had a mullet wig installed because the top of his skull had never formed. At age 8, he was left behind by his parents and sister at the Grand Canyon. He does not know his real surname. After growing up in a series of foster homes
