Jurassic 5 is an American alternative hip hop group formed in 1993 by members of two previous groups (Rebels of Rhythm and Unity Committee): rappers Charles Stewart (Chali 2na), Dante Givens (Akil), Courtenay Henderson (Soup aka Zaakir), Marc Stuart (Marc 7); and disc jockeys Mark Potsic (DJ Nu-Mark) and Lucas Macfadden (Cut Chemist). The six piece crew that was formed, came out of the Los Angeles venue Good Life. The group broke up in 2007, shortly after releasing their fourth LP Feedback, citing "musical differences," but returned to the stage in 2013 and released a new track in 2014. The members have continued to release music, the most recent of which is Nu-Mark's 2014 EP with Pharcyde member Slimkid3 (released on Delicious Vinyl). *Oprah Winfrey (born Orpah Gail Winfrey; January 29, 1954) is an American media executive, actress, talk show host, television producer and philanthropist. She is best known for her talk show The Oprah Winfrey Show, which was the highest-rated television program of its kind in history and was nationally syndicated from 1986 to 2011 in Chicago. Dubbed the "Queen of All Media", she was the richest African American of the 20th century and North America's first black multi-billionaire, and has been ranked the greatest black philanthropist in American history. She has also been sometimes ranked as the most influential woman in the world. Winfrey was born into poverty in rural Mississippi to a teenage single mother and later raised in an inner-city Milwaukee neighborhood. She has stated that she was molested during her childhood and early teens and became pregnant at 14; her son died in infancy. Sent to live with the man she calls her father, Vernon Winfrey, a barber in Tennessee, she landed a job in radio while still in high school and began co-anchoring the local evening news at the age of 19. Her emotional ad-lib delivery eventually got her transferred to the daytime talk show arena, and after boosting a third-rated local Chicago talk show to first place, she launched her own production company and became internationally syndicated.*

Vulfpeck is an American funk group founded in 2011. Influenced by rhythm sections of the past, the band has released four EPs, three albums, and a silent album on Spotify titled Sleepify – royalties from which funded the band's admission-free tour in 2014. The band's upcoming album, Hill Climber, will be released in December 2018. The band members attended University of Michigan's music school. They first came together as a rhythm section for a performance at the Duderstadt Center, a university facility that houses an arts library and other resources. After reading an interview with German producer Reinhold Mack, band founder Jack Stratton conceived of Vulfpeck as an imagined German version of the U.S. session musicians of the 1960s such as Funk Brothers, Wrecking Crew, and Muscle Shoals. The idea was to channel that era of the live rhythm section. The band's founding members are Jack Stratton on keyboards, drums and guitar, Theo Katzman on guitar, drums and vocals, Woody Goss on keyboards, and Joe Dart on bass. Other musicians occasionally contribute such as Antwaun Stanley, Charles Jones, Joey Dosik, Christine Hucal, David T. Walker, Bernard Purdie, Blake Mills and Cory Wong.

Stephen Glenn Martin (born August 14, 1945) is an American actor, comedian, writer, producer, playwright, author, and musician. Martin came to public notice in the 1960s as a writer for The Smothers Brothers Comedy Hour, and later as a frequent guest on The Tonight Show. In the 1970s, Martin performed his offbeat, absurdist comedy routines before packed houses on national tours. Since the 1980s, having branched away from comedy, Martin has become a successful actor, as well as an author, playwright, pianist, and banjo player, eventually earning him an Emmy, Grammy, and American Comedy awards, among other honors. In 2004, Comedy Central ranked Martin at sixth place in a list of the 100 greatest stand-up comics. He was awarded an Honorary Academy Award at the Academy's 5th Annual Governors Awards in 2013. While he has played banjo since an early age, and included music in his comedy routines from the beginning of his professional career, he has increasingly dedicated his career to music since the 2000s, acting less and spending much of his professional life playing banjo, recording, and touring with various bluegrass acts, including Earl Scruggs, with whom he won a Grammy for Best Country Instrumental Performance in 2002. He released his first solo music album, *The Crow: New Songs for the 5-String Banjo*, in 2009, for which he won the Grammy Award for Best Bluegrass Album.

*Arroyo Grande is a city in San Luis Obispo County, California, United States. The population was 17,716 at the 2013 census. The earliest inhabitants of the Arroyo Grande Valley were Chumash Indians, who conducted extensive trade with other Native American tribes at a considerable distance. The first Europeans to see this stretch of coast were the crew of Portuguese explorer Juan Rodríguez Cabrillo, working in the service of Spain. The Spanish Portolá expedition was the first European visit by land, passing through the area on September 4, 1769. When Mission San Luis Obispo de Tolosa was established nearby, the Portolá trail became part of the road connecting the 21 Spanish missions (today called El Camino Real). Later, agricultural activities expanded into the area. The Arroyo Grande Valley was found to have particularly fertile ground and was given the name meaning "wide riverbed" in Spanish. Francis Ziba Branch, originally from New York, saw the area on a hunting expedition during the period when California was part of Mexico. Branch married María Manuela Carlón, and this marriage entitled Branch to file a claim for a Mexican land grant. In 1836 he, his wife, and baby son moved onto Rancho Santa Manuela. They were managing a successful cattle ranching operation when California became a U.S. territory, and then a U.S. state. But some years later they suffered financial difficulties during a drought when many cattle died. They sold off smaller parcels of land to settlers. In 1862, the San Luis Obispo Board of Supervisors established the township of Arroyo Grande. Businesses developed along a road called Branch Street to serve local agriculture. A railroad depot was built in 1882. The city of Arroyo Grande was incorporated on July 10, 1911. Arroyo Grande experienced rapid growth in the 1970s and 1980s, partially due to the expansion of the wastewater treatment plant, under an EPA Clean Water Grant, that removed a growth constraint. This federal grant program required preparation of an Environmental Impact Report, which provided much of the initial environmental database for Arroyo Grande. Arroyo Grande is located in a coastal ecosystem within the California floristic province, and the*

His work draws heavily from a pessimistic view of the urban experience, which he describes as, 'urban ills, overstimulations, frustrations, addictions & trying to maintain a level head under the constant bombardment of advertising". McGee's paintings are very iconic, with central figures dominating abstracted backgrounds of drips, patterns and color fields. He has also painted portraits of street characters on their own empty bottles of liquor, painted flattened spray cans picked up at train yards and painted wrecked vehicles for art shows. McGee has had numerous shows in many kinds of galleries and was also an artist in residence at inner-city McClymonds High School in Oakland, California in the early 1990s. *Joe Dirt is a 2001 American adventure comedy film starring David Spade, Dennis Miller, Christopher Walken, Adam Beach, Brian Thompson, Brittany Daniel, Jaime Pressly, Erik Per Sullivan, and Kid Rock. The film was written by Spade and Fred Wolf, and produced by Robert Simonds. The plot concerns a "white trash" young man, Joe Dirt, who at first seems to be a "loser", a failure, an antihero. As he travels in search of his parents, his fine qualities are increasingly revealed. He ends up with a new "family" of close friends, people he has helped and who respect him. Critical reception was mostly negative, but the film was a modest financial success. A sequel, Joe Dirt 2: Beautiful Loser, premiered on Crackle on July 16, 2015. Joe Dirt is the janitor at a Los Angeles radio station. A producer drags him into the studio to talk live on the air with famous disc jockey, shock jock Zander Kelly. Joe tells his life story. As a baby he had a mullet wig installed because the top of his skull had never formed. At age 8, he was left behind by his parents and sister at the Grand Canyon. He does not know his real surname. After growing up in a series of foster homes and travelling on the road as a kid while camping in the woods, Joe arrived in Silvertown, a small town in the Pacific Northwest, where he met the beautiful Brandy and her dog, Charlie, and became a target for jealousy from Robby, the town bully. *Oprah Winfrey (born Orpah Gail Winfrey; January 29, 1954) is an American media executive, actress, talk show host, television producer and philanthropist. She is best known for her talk show The Oprah Winfrey Show, which was the highest-rated television program of its kind in history and was nationally syndicated from 1986 to 2011 in Chicago. Dubbed the "Queen of All Media", she was the richest African American of the 20th century and North America's first black multi-billionaire, and has been ranked the greatest black philanthropist in American history. She has also been sometimes ranked as the most influential woman in the world. Winfrey was born into poverty in rural Mississippi to a teenage single mother and later raised in an inner-city Milwaukee neighborhood. She has stated that she was molested during her childhood and early teens and became pregnant at 14; her son died in infancy. Sent to live with the man she calls her father, Vernon Winfrey, a barber in Tennessee, she landed a job in radio while still in high school and began co-anchoring the local evening news at the age of 19. Her emotional ad-lib delivery eventually got her transferred to the daytime talk show arena, and after boosting a third-rated local Chicago talk show to first place, she launched her own production company and became internationally syndicated. His father was the South African black nationalist poet Keorapetse Kgositsile. Earl was originally known by the moniker Sly Tendencies when he started rapping, but soon changed his name when Tyler, the Creator invited him to join his hip hop collective Odd Future in late 2009. He gained recognition and critical praise for his debut mixtape, entitled Earl, which released in March 2010 when he was just 16 years old. Shortly after its release, his mother sent him to a boarding school in Samoa for at-risk teens but returned just before his eighteenth birthday, and he was not able to record new music for a year and a half while he was there. After returning to Los Angeles in February 2012, Earl rejoined Odd Future and started producing new music. Earl released his debut studio album, Doris in August 2013. His second album, I Don't Like Shit, I Don't Go Outside: An Album by Earl Sweatshirt followed in March 2015. Both received widespread critical acclaim. **Mr. Money Mustache is the website and pseudonym of 44-year-old, Canadian-born blogger Peter Adeney. Adeney retired from his job as a software engineer in 2005 at age 30 by spending only a small percentage of his annual salary and consistently investing the remainder, primarily in stock market index funds. Adeney lives in Longmont, Colorado, and contends that most middle-class individuals can and should spend less money and own fewer physical possessions, and that they can live with increased financial freedom and happiness as well as a decreased environmental footprint as a result. He has described the typical middle-class lifestyle as "an exploding volcano of wastefulness," particularly citing the overuse of and overspending on new cars as an example. The blog has been featured and cited in various media outlets including Market Watch, CBS News, and The New Yorker, as well as others. The primary aspect of the blog which has caught the attention of many media outlets is Pete Adeney's extremely early retirement at age 30. Adeney and his wife both worked in software engineering, averaging an income of approximately \$67,000 per year, per person, over the course of their careers. They lived frugally, investing the majority of their take-home pay during their working years. At the time of their retirement, they had amassed approximately \$600,000 in investments in addition to a mortgage-free house valued at about \$200,000. Adeney believes in the 4 percent rule, which states that, with a balanced investment portfolio, a retiree can withdraw 4 percent of his or her portfolio's initial value each year, adjusted upward for inflation each year thereafter, with a low probability of ever running out of money. His portfolio was valued at \$600,000 at the time of his retirement, which could support his family's annual expenditures of about \$25,000 indefinitely according to this rule. Adeney has made money aside from his initial investment portfolio since his retirement in 2005, through the blog and other**

***Vulfpeck is an American funk group founded in 2011. Influenced by rhythm sections of the past, the band has released four EPs, three albums, and a silent album on Spotify titled Sleepify – royalties from which funded the band's admission-free tour in 2014. The band's upcoming album, Hill Climber, will be released in December 2018. The band members attended University of Michigan's music school. They first came together as a rhythm section for a performance at the Duderstadt Center, a university facility that houses an arts library and other resources. After reading an interview with German producer Reinhold Mack, band founder Jack Stratton conceived of Vulfpeck as an imagined German version of the U.S. session musicians of the 1960s such as Funk Brothers, Wrecking Crew, and Muscle Shoals. The idea was to channel that era of the live rhythm section. The band's founding members are Jack Stratton on keyboards, drums and guitar, Theo Katzman on guitar, drums and vocals, Woody Goss on keyboards, and Joe Dart on bass. Other musicians occasionally contribute such as Antwaun Stanley, Charles Jones, Joey Dosik, Christine Hucal, David T. Walker, Bernard Purdie, Blake Mills and Cory Wong.
